ABOUT US

GIANNI AND SALVATORE.

Beverygo is a beverage catering start-up founded in Matera in 2019 by two partners, Gianni Gallo and Salvatore Mercadante, both with extensive experience as bartenders and in providing drinks services at events of every kind.

We wanted to offer business and private clients a more specialised, focused service. Beverage catering is often lumped in with food catering, with drinks expertise limited and secondary to the food. We create innovative solutions, quality products and impeccable service, in settings that are never ordinary.

We have our own vehicles and set up anywhere, in Italy and abroad. We also offer staff training and mentoring, and work alongside the owners of bars, hotels and attractions to run their bar service, including on an outsourced basis.

THE BASILICATA WE LOVE

COCKTAILS WITH THE TASTE OF THE LAND.

Aromatic herbs from the Murgia, peperone crusco (crispy dried pepper), tomato, watermelon: we source ingredients from experienced, well-regarded suppliers to give our cocktails and finger food a distinctive local touch.

The availability of some ingredients depends on the season.

Please drink responsibly. We support the “Bevi Responsabile”, “BeResponsabile” and “Responsible Drinking” campaigns.
